

Fig. 1. Density of woody species from Euro-Siberian Region. (Euxino-Hyrcanian species are excluded)

1 — 1-2 species, 2 — 3-9 species, 3 — 10-20 species, 4 — 21-35 species, 5 — 36-50 species

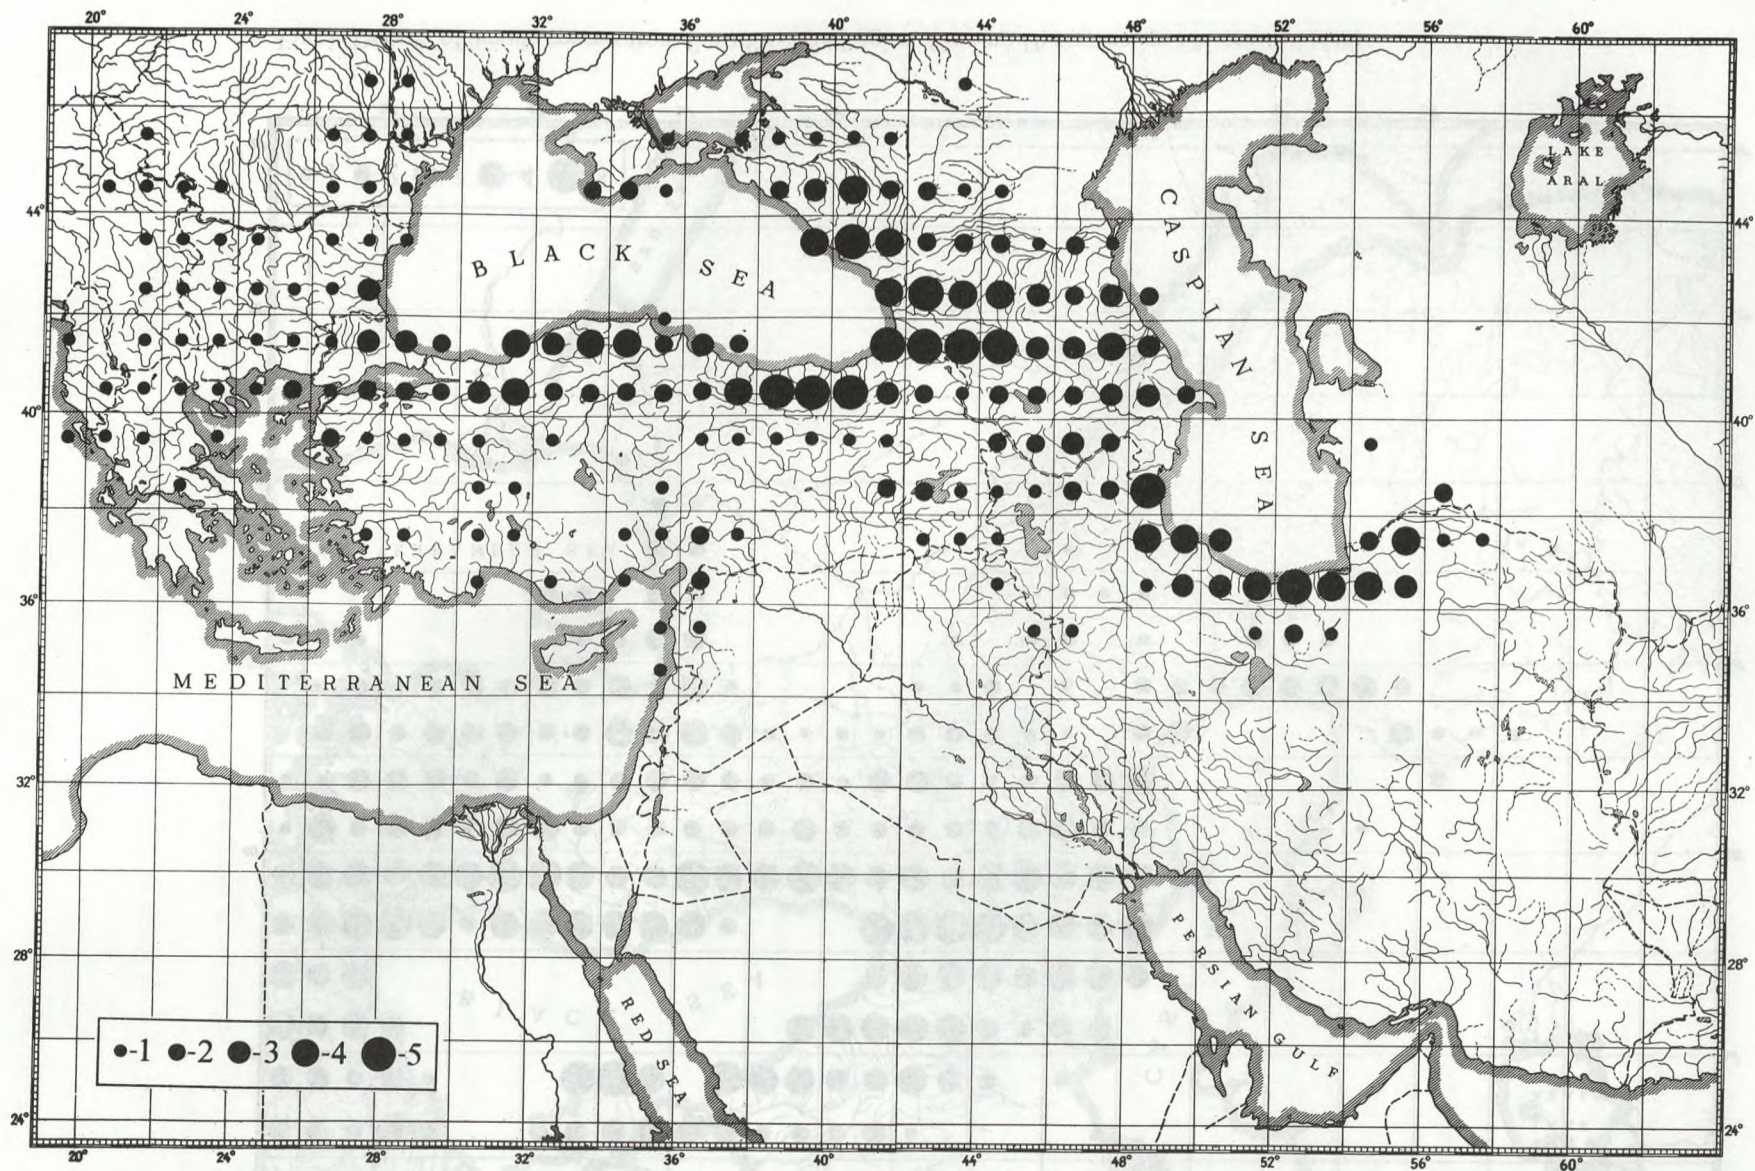

Fig. 2. Density of woody species from Euxino-Hyrcanian Province

1 — 1-3 species, 2 — 4-10 species, 3 — 11-15 species, 4 — 16-25 species, 5 — 26-40 species

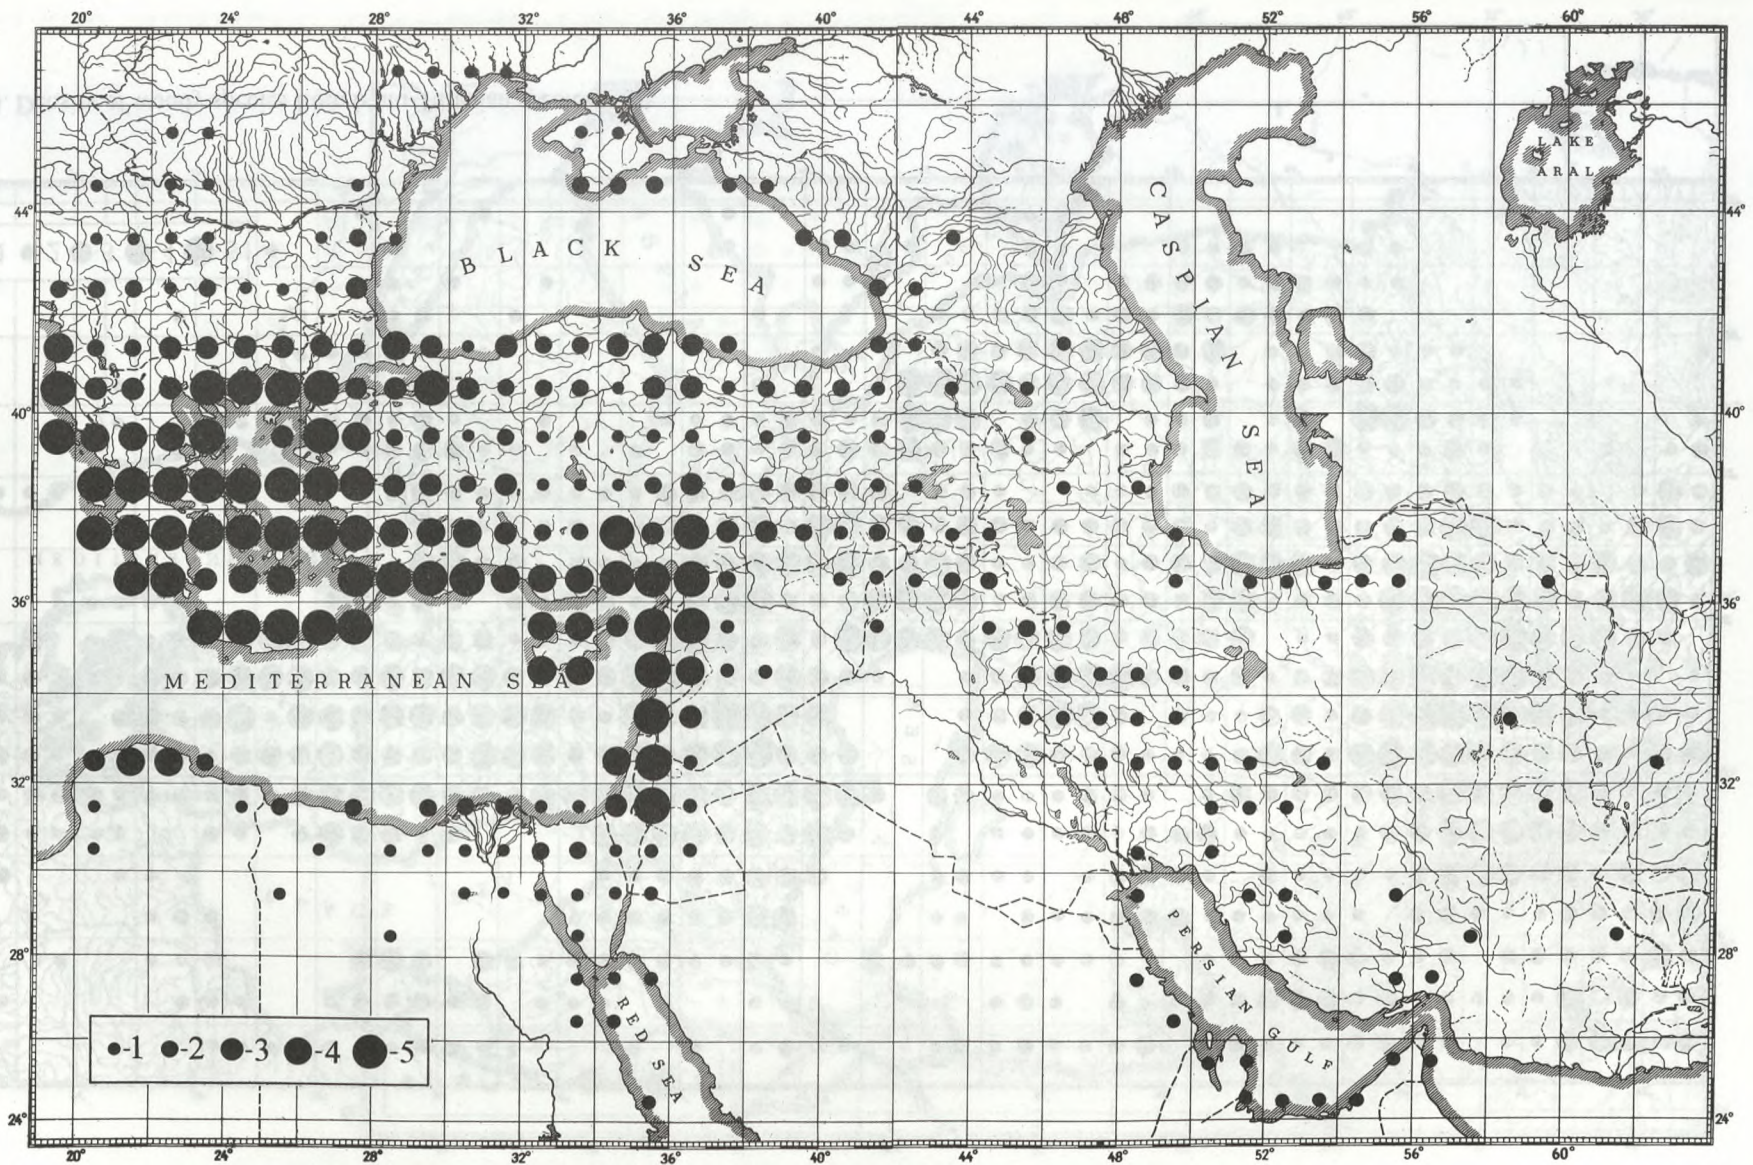

Fig. 3. Density of woody species from Mediterranean Region

1 — 1-3 species, 2 — 4-10 species, 3 — 11-25 species, 4 — 26-40 species, 5 — 41-70 species

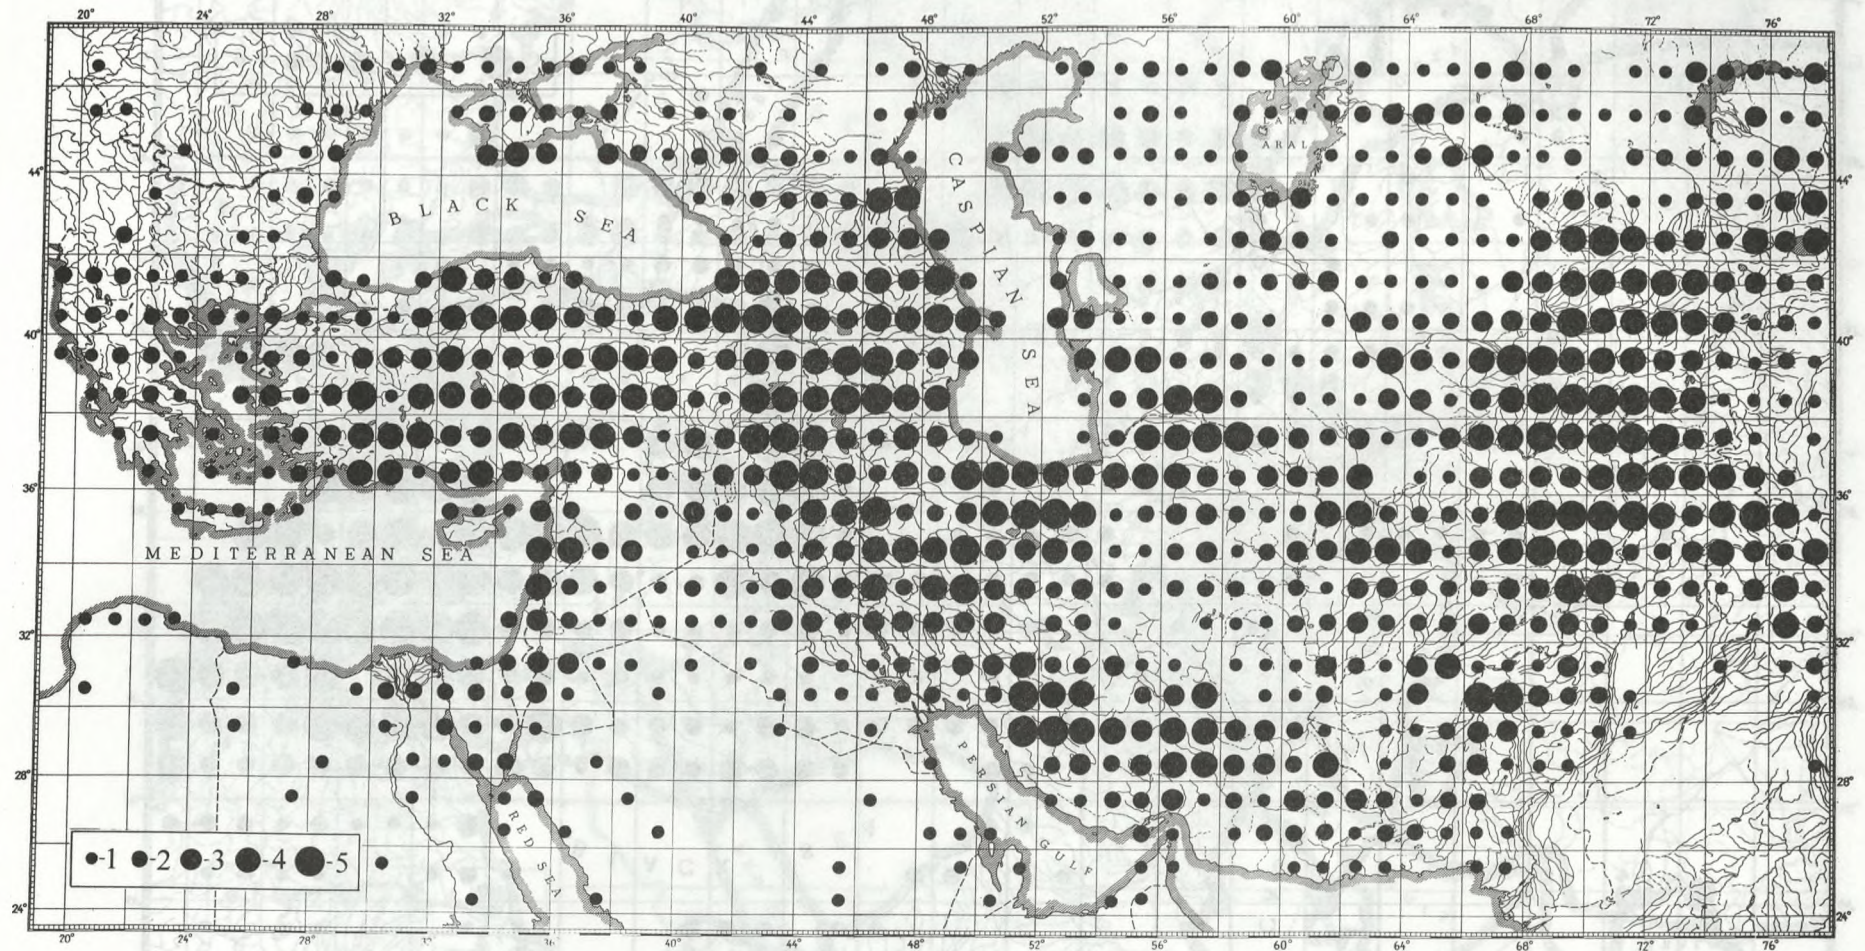

Fig. 4. Density of woody species from Irano-Turanian species

1 — 1-2 species, 2 — 3-5 species, 3 — 6-10 species, 4 — 11-20 species, 5 — 21-35 species

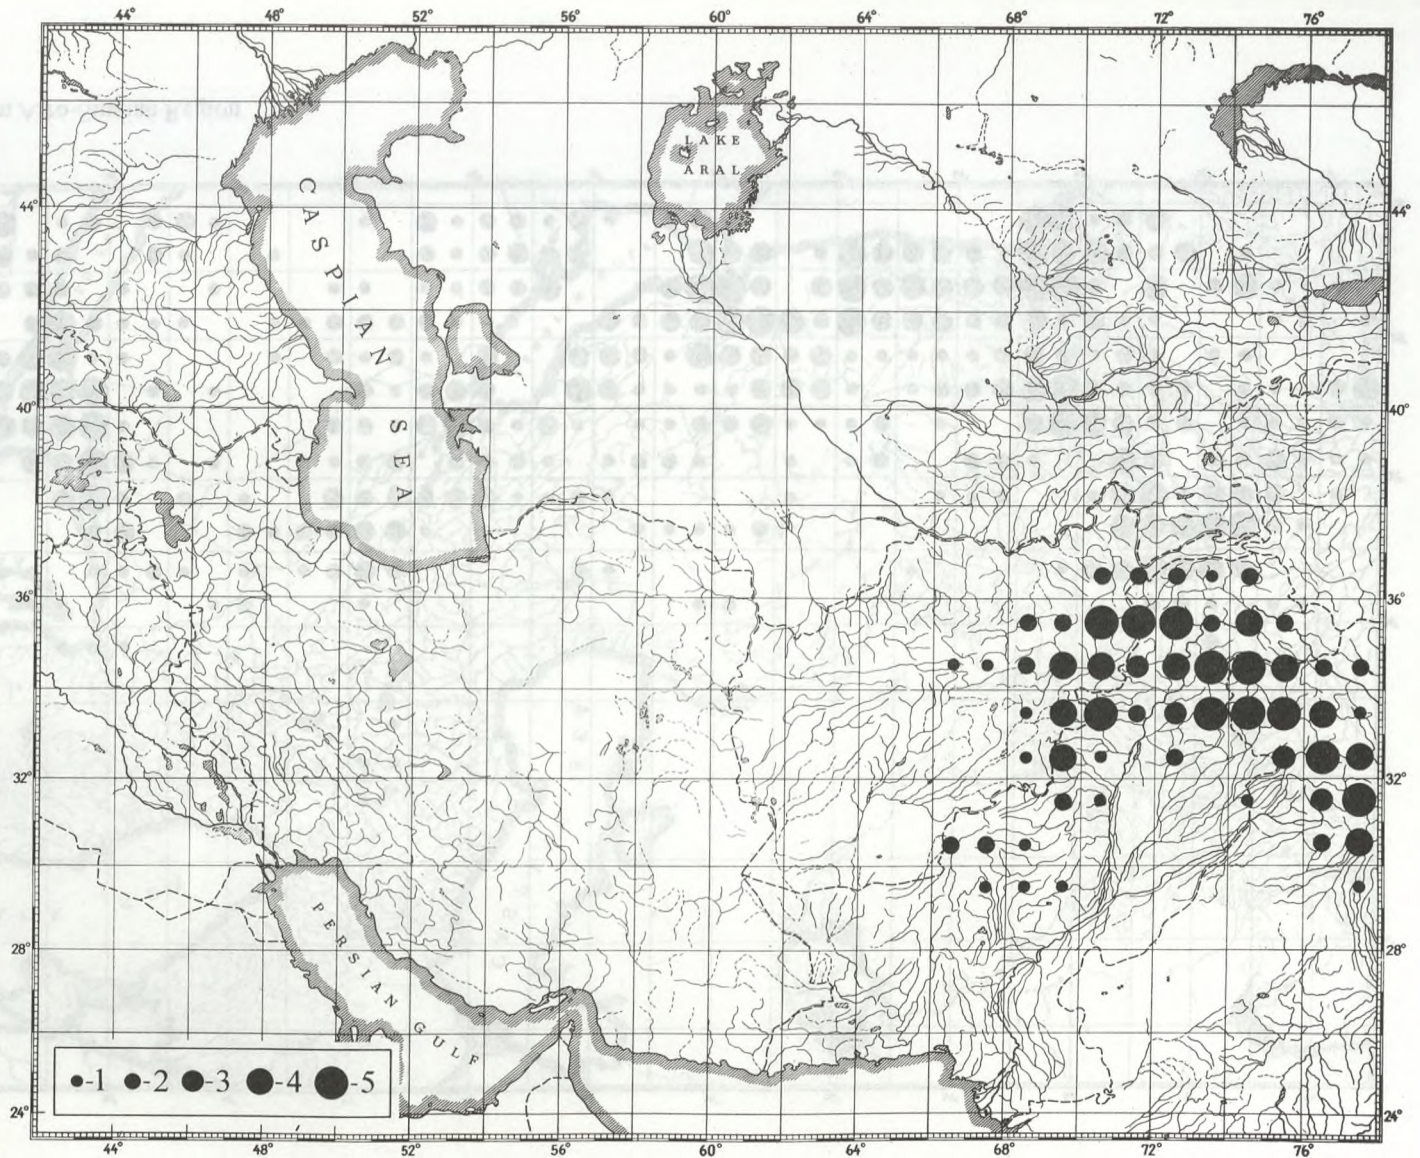

Fig. 5. Density of woody species from Sino-Japanese Region

1 — 1 species, 2 — 2-3 species, 3 — 6-9 species, 4 — 10-20 species, 5 — 21-35 species

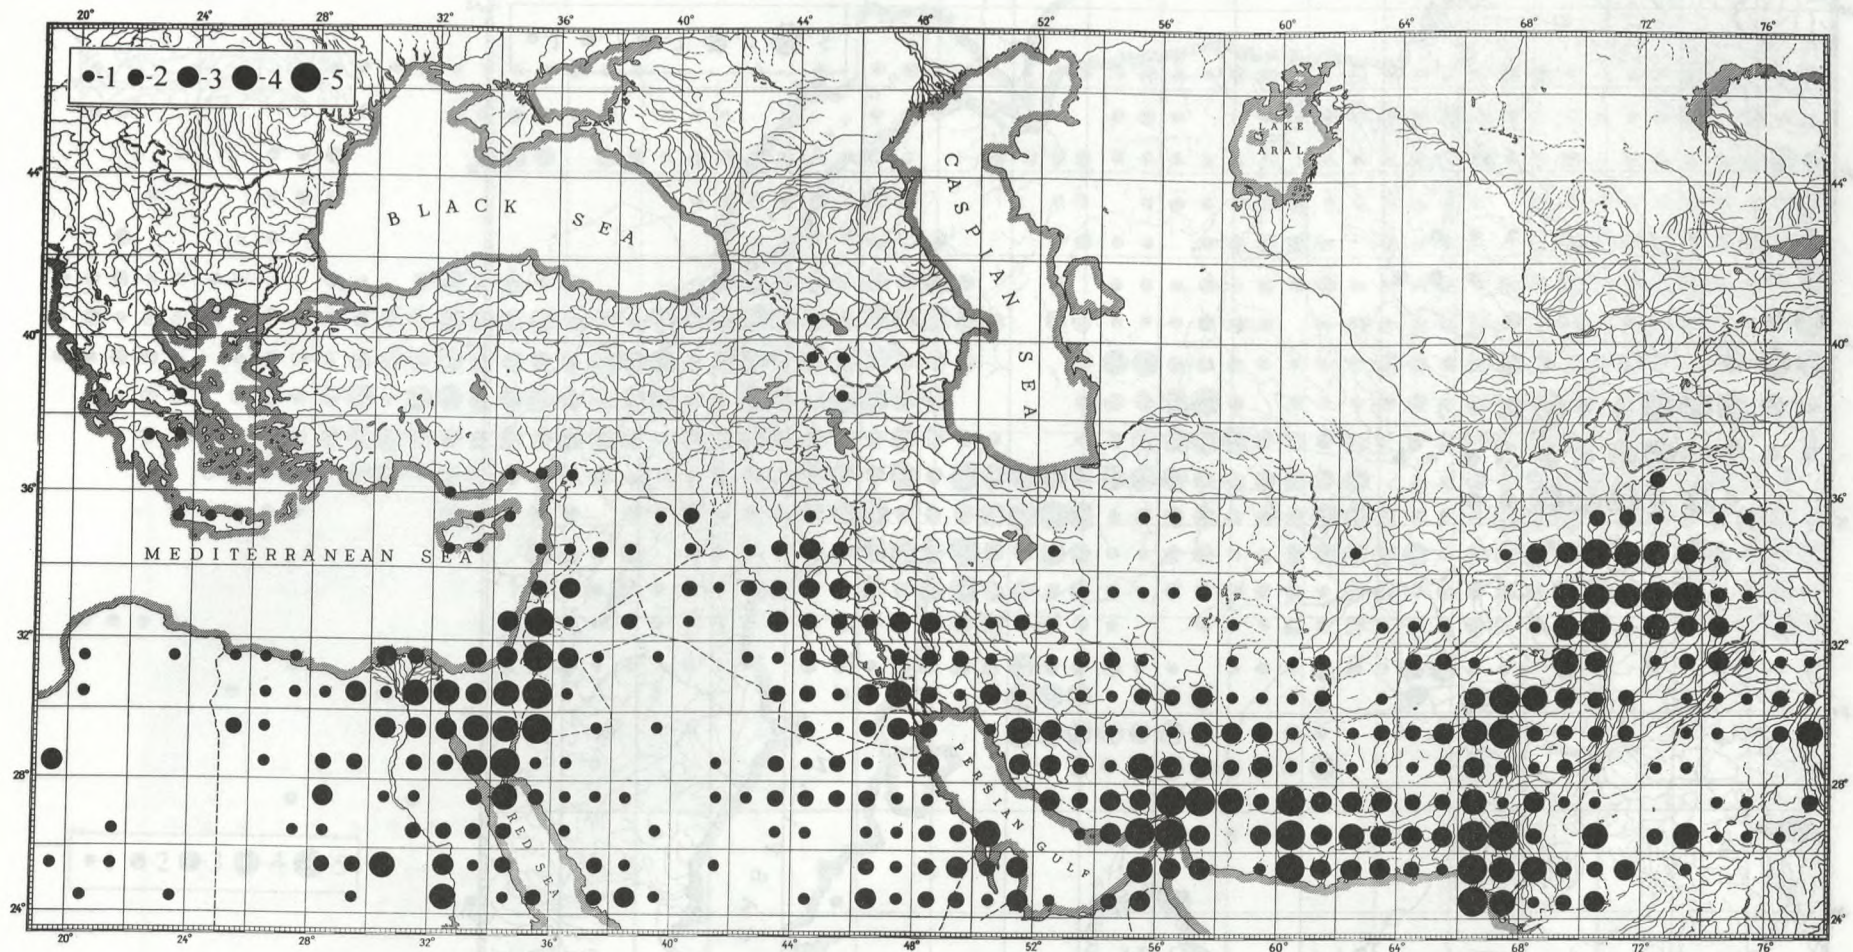

Fig. 6. Density of woody species from Afro-Sindian Region

1 — 1 species, 2 — 2-3 species, 3 — 4-6 species, 4 — 7-10 species, 5 — 11-20 species
