| | | TC | TACA de Costa Rica |
| | | TM | TAMSA (Mexico) |
| | | TN | TAN (Honduras) |
| | | TR | TCA (Canada) |
| | | TV | TACA de Venezuela |

NOTES

The number following the airline code on each route segment represents the number of one-way flights scheduled per week.

When two or more airlines operate over the same route segment, the total number of one-way flights is indicated in *italics*.

The entire route flown by an airline has been considered as international if any point served on that route lies in a foreign country. Services to overseas possessions are similarly treated.

* No local traffic may be carried by Air France between New York and the French West Indies

** No local traffic may be carried by KLM between New York and Curacao

+ No local traffic may be carried by PAA between Houston and New Orleans

Cargo only
