

Erratum to:
Disney R. H. L. 2015. Three new genera of Oriental scuttle flies (Diptera: Phoridae). Fragmenta Faunistica 58 (2): 71–77.

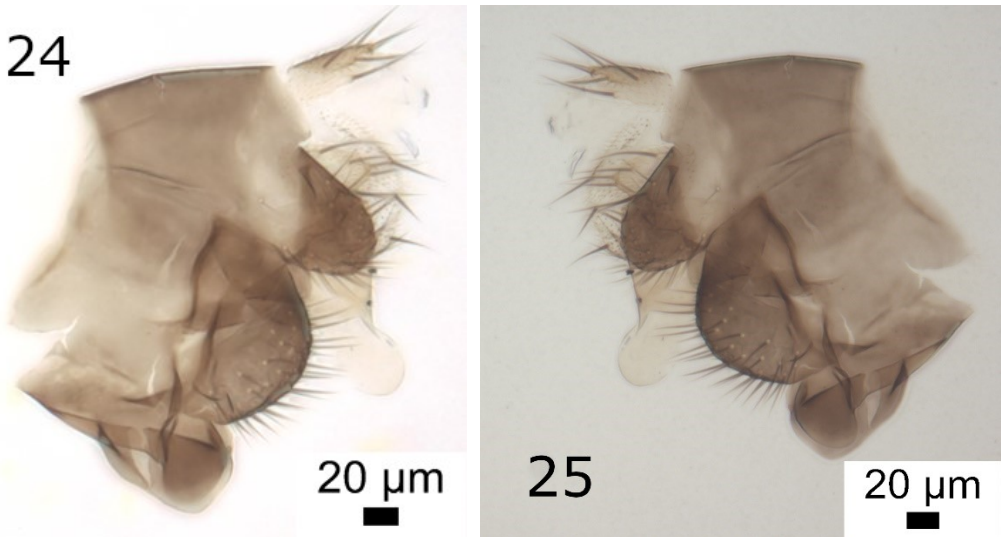

R. Henry L. DISNEY

Department of Zoology, University of Cambridge, Cambridge CB2 3EJ, England; e-mail: rhld2@cam.ac.uk

Abstract: Correct figures of male hypopygium are included in the description *Tendcornphora microgenitalis* Disney, 2015.

Key words: Diptera, Phoridae, genus *Tendcornphora* Disney, Oriental Region

Dr Brian Brown kindly pointed out to me that in my 2015 paper describing three new Oriental genera the figures of the hypopygia for two genera were identical. It turns out that the figures 24 and 25 for *Tendcornphora microgenitalis* gen. nov. sp. male were an incorrect duplication of those for another genus. The correct figures are given below.

Figs 24–25. *Tendcornphora microgenitalis* Disney, male: 24 – left face of hypopygium; 25 – right face of hypopygium

STRESZCZENIE

[Errata do pracy: Disney R. H. L. 2015. Trzy nowe rodzaje orientalnych zadrowatych (Diptera: Phoridae). *Fragmenta Faunistica* 58 (2): 71–77]

Przy opisie nowego rodzaju i gatunku *Tendcornphora microgenitalis* Disney 2015, omyłkowo zdublowano fotografie hypopygium samca *Obsurcaudaphora maculafemoralis* Disney, 2015 należącego do rodzaju i gatunku opisanych w tej samej pracy. Errata zawiera właściwe figury do opisu *T. microgenitalis* Disney oznaczone numerami 24 i 25.
